

WOMBWELL WOOD

COMMUNITY WOODLAND

This enchanting ancient woodland has a variety of habitats that promote biodiversity and greatly enhance the aesthetic appeal of this remodelled community woodland. The naturally regenerating stands of mature beech, oak and birch trees complement the new community planting. Wetlands and conservation grassland areas provide a haven for wildlife, and the network of criss-crossing paths entice the walker further into the woodland to enjoy and explore this tranquil, peaceful and relaxing wonderland. It's on your doorstep, it's your community woodland, enjoy!

LOCATION

From Wombwell High Street take the B6096, west towards Jump and follow to the roundabout. Take the third exit onto the A6195 at the next roundabout take the third exit onto Woodhead Lane. The entrance to the car park can be found approximately 100 meters on the right hand side.
