## Directions

From Station Road head up towards the roundabout and go straight on down St Margaret's Road, taking care crossing Long Row. At the bottom turn right into Lee Lane. Just before the farm follow the footpath sign and turn right following the fenced path through the grounds of the University. When you come to a paved path bear left along it until you reach a gate. Do not go through the gate, instead follow the path to the right and head up towards Brownberrie Lane.

Cross Brownberrie Lane with care and up the drive of Brownberrie House shortly turning left over the stile into the wood. After passing through the kissing gate, fork right and follow the path along the fence. When you reach a T-junction in the path turn right and follow the path down to Scotland Lane.

Cross Scotland Lane with care and head down the farm access track. Immediately after Owlet Grange follow the signpost and turn right and then right again across the stile and down the edge of the field towards Beech House. After you pass Beech House follow the track until you leave the wood. Here take the stile on your left and follow the path across the bridge down into Sussex Avenue. There is a ginnel on the left about 40 yards down the road, follow this to bring you back out on Station Road.
