## The Spire Walk around Laughton en le Morthen

### How do I get there?

Laughton has good bus  
links to other areas in the  
Borough, for up to date  
information call the Traveline  
on 01709 515151 or visit  
[www.sypte.co.uk](http://www.sypte.co.uk)  
for timetables.

The walk starts at the  
Laughton en le Morthen -  
High Street School Road stop.

### Something to think about

This walk would not be  
possible without the help of  
local people and farmers.  
We would particularly like to  
thank Mr and Mrs Shepard of  
Old Hall Farm, Laughton for  
allowing us access onto  
Laughton Church battlements  
to take the cover  
photograph, which shows  
part of the walk as it passes  
along Brookhouse Lane.

### Responsible Walking

This walk uses just a few of our  
many rights of way to access  
and enjoy the countryside.  
A right of way is not owned by  
the council, it is a right to pass  
over private land. When you  
go out please remember that  
almost all the land you cross  
is in private ownership, and  
someone's livelihood will  
depend on the crops and  
livestock there. Our countryside  
is not just a beautiful place, but  
a working environment, please  
play your part by keeping it tidy  
for the people who walk and  
work there tomorrow.

Take a responsible attitude  
into the countryside, leave  
only footprints and take  
only photographs.

Follow the Country Code,  
happy walking!

## Doorstep Walk Short, Easy to follow and local

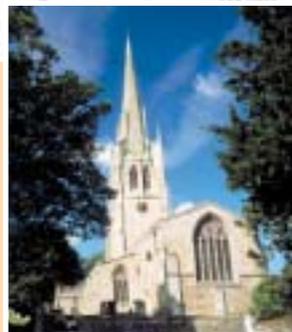

Enjoy a short walk in the countryside around Laughton

- This walk will take about 2 hours, it has a small easy uphill climb of about 15 minutes, the rest is fairly flat.
- It passes an historic church and the remains of a castle before crossing rolling farmland, passing through a fine wood and finally along a valley with excellent views
- You do not need to read a map
- You do not need fancy equipment

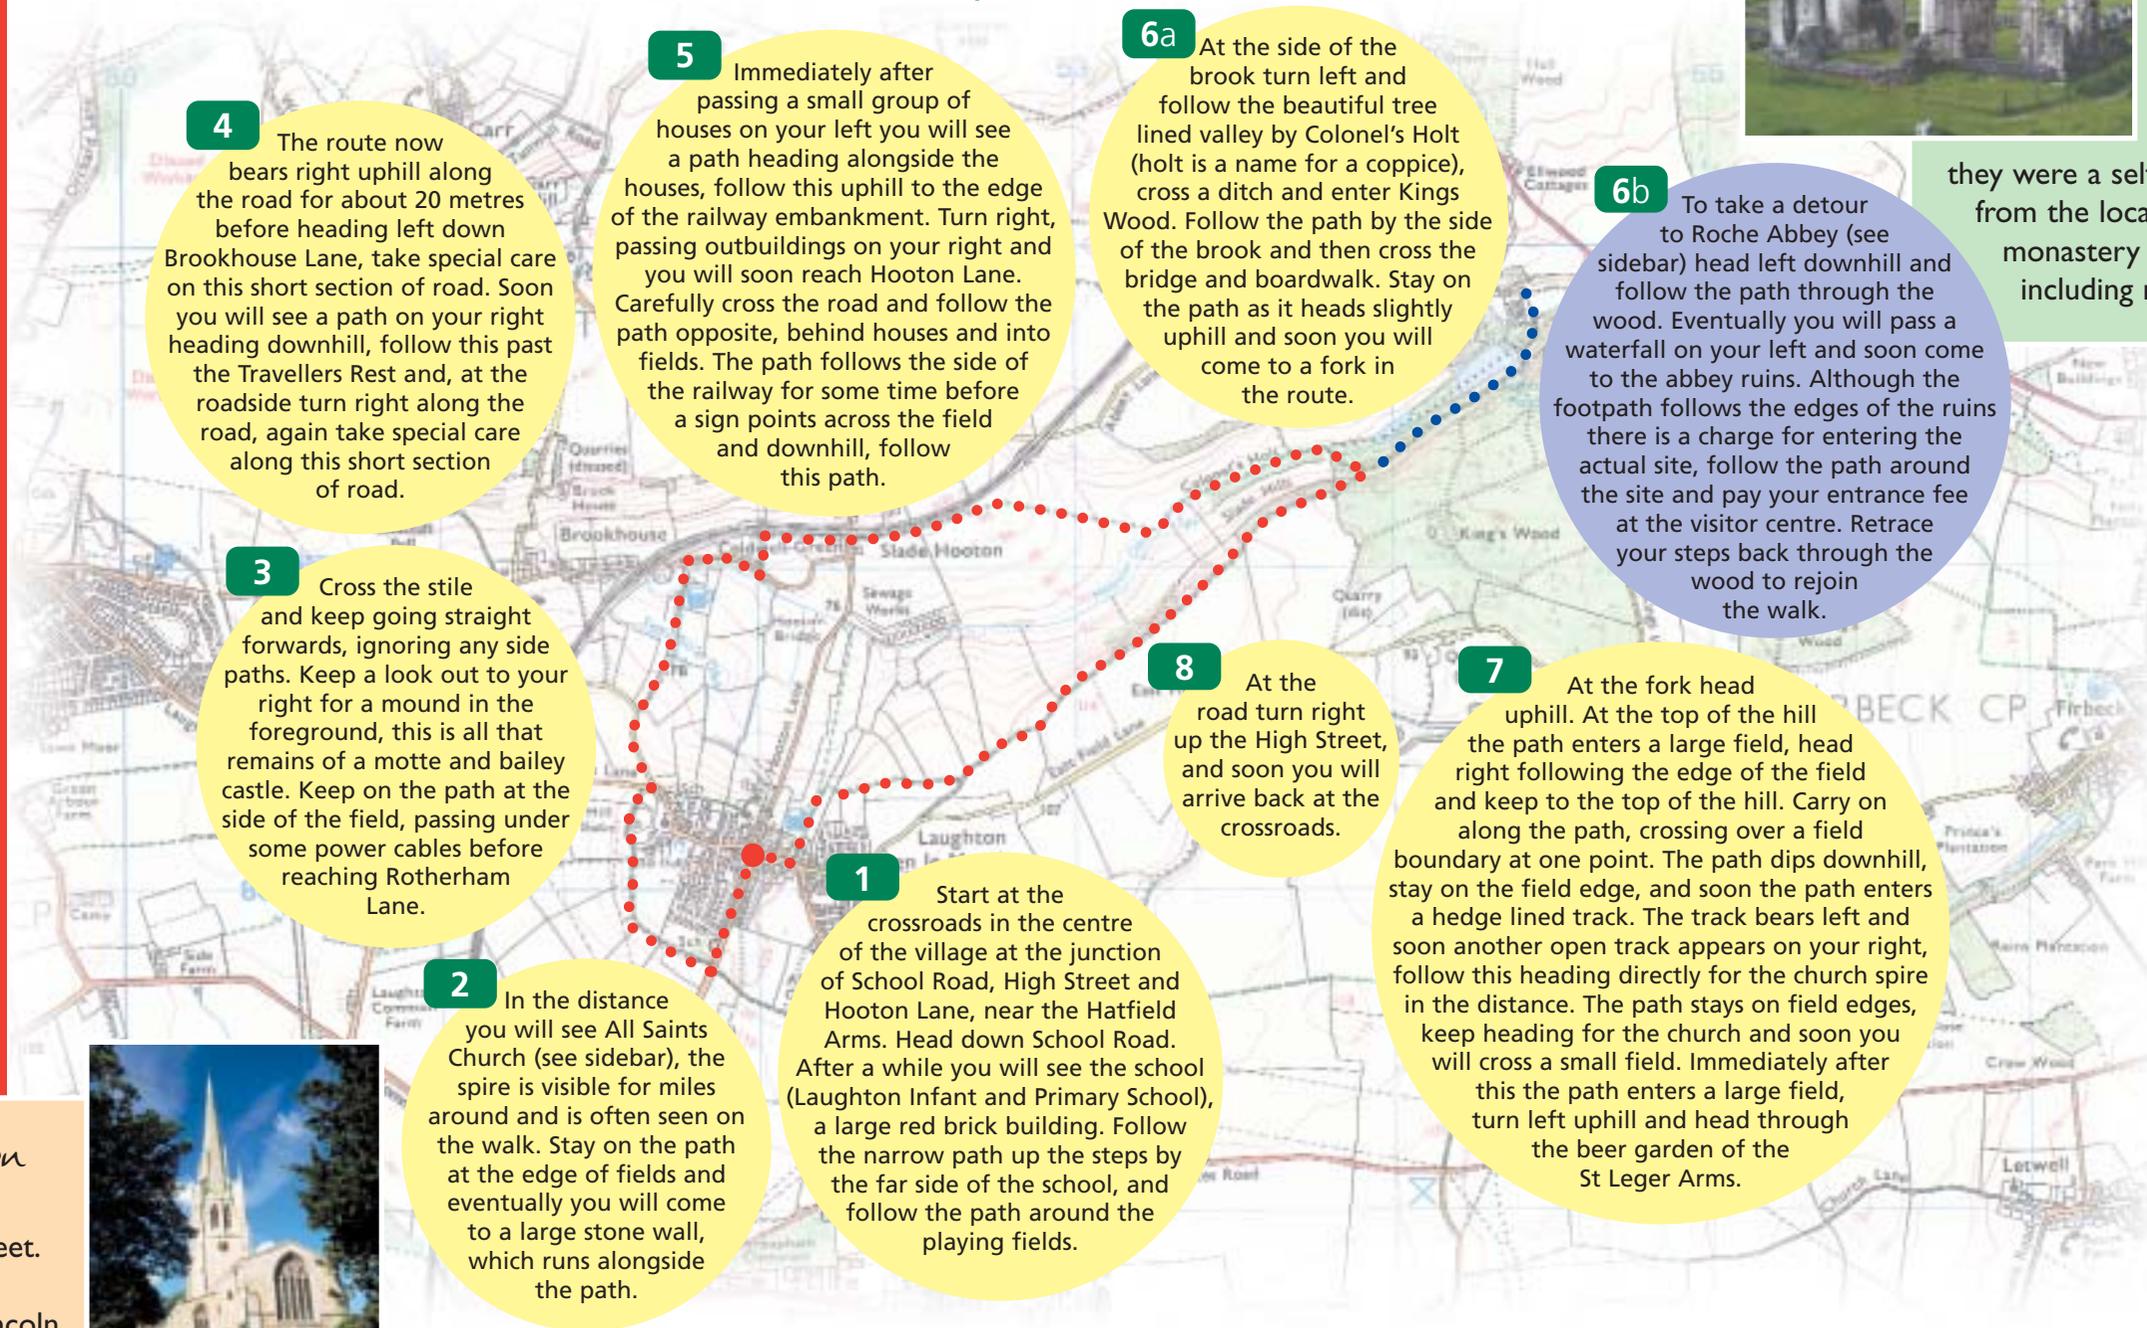

Just follow the Doorstep waymark

### All Saints Church, Laughton

This is a splendid village church with a beautiful tower and spire soaring 185 feet. The spire is one of the Boroughs most visible landmarks and on a clear day Lincoln cathedral can be seen from the battlements.

## The Spire Walk around Laughton en le Morthen

**4** The route now bears right uphill along the road for about 20 metres before heading left down Brookhouse Lane, take special care on this short section of road. Soon you will see a path on your right heading downhill, follow this past the Travellers Rest and, at the roadside turn right along the road, again take special care along this short section of road.

**3** Cross the stile and keep going straight forwards, ignoring any side paths. Keep a look out to your right for a mound in the foreground, this is all that remains of a motte and bailey castle. Keep on the path at the side of the field, passing under some power cables before reaching Rotherham Lane.

**2** In the distance you will see All Saints Church (see sidebar), the spire is visible for miles around and is often seen on the walk. Stay on the path at the edge of fields and eventually you will come to a large stone wall, which runs alongside the path.

**1** Start at the crossroads in the centre of the village at the junction of School Road, High Street and Hooton Lane, near the Hatfield Arms. Head down School Road. After a while you will see the school (Laughton Infant and Primary School), a large red brick building. Follow the narrow path up the steps by the far side of the school, and follow the path around the playing fields.

**5** Immediately after passing a small group of houses on your left you will see a path heading alongside the houses, follow this uphill to the edge of the railway embankment. Turn right, passing outbuildings on your right and you will soon reach Hooton Lane. Carefully cross the road and follow the path opposite, behind houses and into fields. The path follows the side of the railway for some time before a sign points across the field and downhill, follow this path.

**6a** At the side of the brook turn left and follow the beautiful tree lined valley by Colonel's Holt (holt is a name for a coppice), cross a ditch and enter Kings Wood. Follow the path by the side of the brook and then cross the bridge and boardwalk. Stay on the path as it heads slightly uphill and soon you will come to a fork in the route.

**8** At the road turn right up the High Street, and soon you will arrive back at the crossroads.

**7** At the fork head uphill. At the top of the hill the path enters a large field, head right following the edge of the field and keep to the top of the hill. Carry on along the path, crossing over a field boundary at one point. The path dips downhill, stay on the field edge, and soon the path enters a hedge lined track. The track bears left and soon another open track appears on your right, follow this heading directly for the church spire in the distance. The path stays on field edges, keep heading for the church and soon you will cross a small field. Immediately after this the path enters a large field, turn left uphill and head through the beer garden of the St Leger Arms.

**6b** To take a detour to Roche Abbey (see sidebar) head left downhill and follow the path through the wood. Eventually you will pass a waterfall on your left and soon come to the abbey ruins. Although the footpath follows the edges of the ruins there is a charge for entering the actual site, follow the path around the site and pay your entrance fee at the visitor centre. Retrace your steps back through the wood to rejoin the walk.

### Roche Abbey...

...was a Cistercian monastery, founded in 1147 and was a working monastery until its dissolution in June 1538 under Henry VIII. The Cistercians originated in France and were popular with local communities as they were a self-sufficient order and did not require taxes from the local populace for their upkeep. At its peak the monastery would have housed around 175 people, including monks and lay-men to work the land.

Laughton has some great walking country, this route is fairly easy, the time is based on an adult walking fairly slowly and having a few good rests. There is a short section which is seasonally muddy at Colonels Holt, be sure you have boots, not trainers. Don't forget to dress for typical English weather. There are 3 pubs on the route, and Roche Abbey lodge has pop and snacks but is only open from April to October.
